Decorating Ideas from SANDRA BEGAN

SWAG

Dress up your lights and lamp posts. Attach securely with 2-3 cloth covered wire which prevents scratching. Choose 12-18 inch wire found at your local craft store.

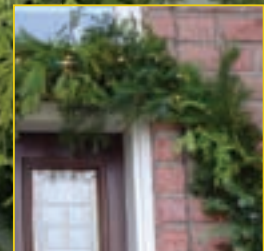

WREATH

The perfect size wreath for your door...20-24 inches in diameter. Hot glue faux fruit and pinecones to a wreath to add color and texture then add a fabulous bow. Use at least 3 yds of 2.5 inch wired ribbon to create the perfect bow. Attach with wire.

GARLAND

Frame most doorways with 25 feet of lush garland. Adding lights? Use 100 lights per 10 feet. Spread garland on ground and wrap lights within greens before you hang your garland.

CONTAINERS

A perfect container mix is at least 3 different types of greens - pine, balsam and cedar. For a festive look, tuck in a string of 50 outdoor white lights and 4-5 branches of red dogwood.

SANDRA'S HOLIDAY MUST-HAVES...

- Pinecones in all sizes
- Faux fruit
- Cinnamon sticks
- Beautiful 2.5 inch wired ribbon
- Hot glue gun
- Cloth covered wire
- Sharp scissors

With the right components, anyone can create a stylish and sophisticated holiday look in minutes. Sandra's fresh wreaths and greenery are shipped to homes from California to New York and have been featured in *Country Home*, *Country Living*, *Romantic Homes* and other national publications.
